# HEALTH SAFETY ENVIRONMENT OFFICER

## KROSAKI HARIMA EUROPE B.V

### KROSAKI HARIMA EUROPE B.V

From our main office in North Holland and regional offices throughout Europe we provide technical, logistical and sales support for the refractories manufactured by Krosaki throughout the world. Group headquarters being in Japan. Our growth is achieved by concentrating on service and relationships with major European Steel Manufacturers.

Krosaki group manufactures and sells refractories since its establishment in 1919 using state-of-the-art technology, demonstrating respect to the law and sensitivity to global environmental challenges.

**We are looking for a new colleague in our Technical department.**

### HOW YOU CAN MAKE A DIFFERENCE

Join us in driving sustainable practices within the steel industry. As an HSE Officer, you will be responsible for initiatives to ensure compliance with health, safety, and environmental regulations, while supporting the transition of the industry towards Green Steel production. Your role will be vital in maintaining our environmental certifications and improving sustainability in our processes.

This part-time role is suited for individuals with strong safety management experience, environmental expertise, and a forward-thinking approach to sustainability.

### WHO YOU ARE

We are looking for a colleague who:

- Advanced-thinking professional with a passion for health, safety, and environmental standards.
- Experienced in risk management, conducting audits, and ensuring regulatory compliance.

- Enthusiastic about supporting sustainability initiatives and driving environmental goals.
- A strong communicator who increases in a collaborative and dynamic work environment.
- Able to promote a culture of safety and responsibility within the company.
- Residing in the Netherlands or within the European Union with a valid work permit to work in the Netherlands.

## WHAT YOU'LL DO

As a HSE Officer you will:

- Ensure compliance with HSE regulations and environmental certifications.
- Conduct regular audits, inspections, and risk assessments of facilities, equipment, and processes to meet certification requirements.
- Collaborate with management to implement sustainability goals in line with Green Steel initiatives.
- Lead HSE training and promote a proactive safety culture.
- Investigate incidents, analyze risks, and provide detailed reports and corrective actions.
- Implement strategies to reduce energy usage, emissions, and waste.
- Work with technical teams and regularly present HSE performance reports to management.

## IS THIS YOU?

We are looking for a colleague who:

- Degree in Occupational Health and Safety, Environmental Science, or a related field.
- Strong knowledge of local and international HSE regulations and sustainability practices.
- Preferable 3 years of experience in an HSE role. Not a must
- Experience in risk management and incident investigation.
- Excellent communication and training skills, fluent in English (Dutch is a plus).
- Reside in the Netherlands or within the European Union and hold a valid work permit to work in the Netherlands.

### **Growth Opportunities:**

- Expertise in Sustainability and Green Steel

- Certification and Training Support
- Networking and Leadership
- Flexible Learning Environment
- Recognition and Impact

**Working hours:**

Part-time, approximately 20-25 hours per week. Flexible schedule depending on operational needs.

## WHY CHOOSE KROSAKI?

We offer a stimulating environment in an international team, where we encourage personal and professional growth. You will have the possibility to make an impact in a fast-growing company, whilst at the same time develop your technical and commercial skills. Additionally, we offer a competitive package.

If you think you are a good fit for this job, please send us your CV and motivation letter to [hr@krosaki.nl](mailto:hr@krosaki.nl).

We look forward to speaking to you!
